Sybase® IQ Developer's Kit v.12.6
("Program")

IN ADDITION TO THE LICENSE TERMS SET OUT IN THE SYBASE LICENSE AGREEMENT, THE FOLLOWING ADDITIONAL OR DIFFERENT RIGHTS AND ACCOMPANYING OBLIGATIONS AND RESTRICTIONS SHALL APPLY TO THE PROGRAM:

The Program may contain or be provided with component software products from both Sybase and third parties. Except as set forth below, use of all components is limited to use in the same manner and capacity for which the Program as a whole is licensed. The terms of this PSLT govern the Sybase components provided with the Program, notwithstanding any other Sybase license documentation that may accompany those components. Additional licenses for Sybase components may be available from Sybase for a fee.

I. Restrictions on Use. This Program is licensed for internal development and testing purposes only. Deployment licenses for any purpose (including, without limitation, usage in a general production environment or on a webserver) must be purchased from Sybase before you deploy the Program or any portions thereof.

II. Sybase Developer Component/Distributable Components/Sample Code. The Program contains or is provided with the Developer Component identified below. The Developer Component is licensed without further charge for Use by one Standalone Seat for development purposes only. Use and distribution of the Distributable Components of the Program and/or of the Developer Components, if any, (as specified in and subject to the limitations in the Documentation) is permitted without charge. You may use and modify the source code version of those portions of the Program and/or the Developer Components that are provided as sample code, if any, for your internal use only.

III. Free Download Components. The Program, including the Developer Component, may include certain third party open source and other free download components ("Free Download Components"). You may have additional rights in the Free Download Components that are provided by the third party licensors of those components. Nothing in the foregoing affects any performance warranty provided by Sybase with regard to the Program as a whole. **B.
